SECTION 01110 - SUMMARY OF WORK

PART 1 - GENERAL

1.01 SCOPE OF WORK PERFORMED UNDER THIS CONTRACT

A. Base Bid:

Installation of approximately 8,950 LF of High Density Polyethylene (HDPE) main line pressure sewer ranging in size from 2 to 3 inches in diameter along with all required valves, fittings and other appurtenances together with all related work as specified and shown on the Drawings. The piping shall be installed via the horizontal directional drilling (HDD) method.

B. General:

This summary of work is not intended to be all-inclusive, but rather to depict or briefly describe some of the major items of work to be included in the project.

1.02 ENUMERATION OF DRAWINGS & SPECIFICATIONS

Following are the Drawings and Specifications which form the Contract Documents as set forth in Section 1.1 of the General Conditions:
